PROJECTS

Pendulum Survivor
Developer

Yet another survivor-like game, but you control a pendulum suite, and your enemies are attractors.

Web Digest
Developer

Automated daily digest from news sources such as Hacker News and Phoronix. Made for lazy people, like myself, who hate browsing news websites/apps.

Maskbook
Product Manager

Post encrypted content on social media to avoid exploitation of big data and machine learning. Content types made richer.

TesserPG
Product Manager

OpenPGP app for iOS and Android. Became the most welcomed OpenPGP app on App Store. Can interact with other apps as an input method.
